

Majestic Morocco Travel Check List

Preparing For Your Trip - Travel Check List

- Pay the remainder of the tour fee no later than 60 days prior to the departure date.
- Complete and sign all documents on your Traveler Portal. Upload a copy of your passport and traveler's insurance. Even if you taken a previous ArchaeoAdventures Tour you will need to do this again as we do not store passport photos for security purposes.
- Purchase traveler's insurance (required for this trip).
- Print and bring a copy of your travel insurance on the trip.
- Make sure your passport is valid for at least 6 months and has at least two full blank pages. Bring a photo copy of your passport with you on the trip (I also find it useful to have a copy saved in a secure place like dropbox. Easy to access from most places with just internet).
- Get any necessary vaccinations and boosters. See your travel clinic or general practitioner for advice on any travel vaccinations you might need.
- Ensure all your prescriptions you are bringing with you are full and in properly labeled bottles. If you have any critical prescriptions we recommend bringing a written doctor's prescription from your doctor. This would help you refill your prescription in Morocco if you needed to.
- Purchase the proper travel adaptor for the electrical sockets - Adapter E or F (similar to European sockets).
- We recommend bringing a small travel first aid kit with a few basic items such as bandaids, cold medication, laxatives, over the counter medication for travelers diarrhea, mild-pain medication like Ibuprofen or Tylenol, any other over the counter medical items you would need.

- Email ArchaeoAdventures at tours@archaeoadventures.com with your flight details once you purchase your flight.
- Alert your banks and credit card companies of your travel plans, so your credit card and debit cards will work in Morocco.
- Carefully read the attached [suggested packing list](#) and see if there are any items you don't have that you would like to get for the trip.
- Start getting excited! Morocco is just around the corner!
